NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE A – SUMMARIES OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Company is a retail stock brokerage firm that clears trades through a correspondent member of the New York Stock Exchange on a fully disclosed basis. The Company is a member of the Financial Industry Regulatory Authority (FINRA). Its customers are located throughout the United States and the principal office is located in Tampa, Fl. The Company is licensed in several other states without having an office in those states.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when incurred.

Property and Equipment

Property and Equipment are recorded at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets (generally three, five or seven years). The costs of replacements, renewals and repairs which neither add materially to the value of the property nor appreciably prolong its life are charged to expense as incurred.

Securities Transactions

The clearing broker required the Company to make a deposit to secure customers accounts. The amount of this deposit is \$75,000. The clearing broker has custody of all customer accounts and settles transactions for the Company. The Company charges commissions for transactions and pays the clearing broker for processing the transactions. Customers' securities transactions and related commission revenues and expenses are recorded on a trade date basis.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers amounts held by financial institutions and short-term investments with an original maturity of 90 days or less to be cash and cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising Costs

Advertising costs are charged to expense as incurred. Advertising expense for the year ended December 31, 2010 was \$11,075.

NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARIES OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company with the consent of its stockholder has elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code. Under this election, the individual stockholder is taxed on the Company's taxable income (loss). Therefore, no provision for Federal or state income taxes has been included in the financial statements.

The Company adopted the provisions of FASB ASC 740 effective January 1, 2009. The adoption of FASB ASC 740 did not have a material impact on the Company's financial statements.

Fair Value of Financial Instruments

The carrying amounts of financial instruments including cash and cash equivalents, commissions receivable, and commissions payable. The recorded values of cash and cash equivalents, commissions receivable, and commissions payable approximate their fair value as of December 31, 2010; because of the relatively short maturity of these instruments.

Subsequent Events

Management has evaluated subsequent events through February 21, 2011, which was the date the financial statements were available to be issued.

NOTE B – NET CAPITAL REQUIREMENT

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2010, the Company had a net capital of \$508,790, which was \$408,790 in excess of its required net capital of \$100,000; and aggregate indebtedness of \$442,100. The Company's ratio of aggregate indebtedness to net capital was .87 to 1.

NOTE C – RELATED PARTY TRANSACTIONS

The company leases office space in Tampa, Florida from an entity which is 50% owned by the Company's shareholder. In January 2011, the Company renewed the lease for office space for a period of 36 months ending in December 2013. Minimum monthly payments are \$10,833 in 2011, \$11,375 in 2012, and \$11,944 in 2013.

The future rent payments under this related party at December 31, 2010 are as follows:

Year Ended December 31,	
2011	\$ 130,000

NOTE E – FINANCIAL INSTRUMENTS WITH OFF BALANCE SHEET RISK AND CONCENTRATIONS OF CREDIT RISK

In the normal course of business, the Company's activities may expose the Company to the risks of loss in the event customers, other brokers and dealers, banks, depositories or clearing organizations are unable to fulfill contractual obligations. The Company monitors the credit standing of counter parties with whom it conducts business on a continuous basis.

NOTE F – COMMON STOCK

The Company is authorized to issue 100 shares of common stock with a par value of \$12.902 of which 77.50 shares were issued and outstanding as of December 31, 2010. Distributions are payable when declared by the Board of Directors. During 2010, the Company paid a \$255,000 distribution to its shareholder.

NOTE G – LEGAL MATTERS

In the opinion of management, the ultimate resolution of any such legal proceedings will not have a material or adverse affect upon the Company's operations or financial position. The Company is currently involved in two legal matters which are both in discovery. The Company intends to vigorously defend itself in both cases.

NOTE H – PROFIT SHARING PLAN

The Company sponsors a 401(k) plan and a discretionary profit sharing plan for all eligible employees at least 21 years of age with at least one year of employment.

Participants may contribute a portion of their eligible compensation, up to 100%, to the 401(k) plan. The Company makes discretionary contributions up to a maximum of 100% match of the employees first 3% of compensation and a 50% match of the employees next 2% of compensation. The Company's matching contribution to the 401(k) plan was \$39,156 for the year ended December 31, 2010. The profit sharing plan also allows the Company to make discretionary contributions which were \$85,934 for year ended December 31, 2010. The participant and Company contributions to both plans are limited to amounts allowed under provisions of the Internal Revenue Code.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

The Board of Directors and Stockholder
J.W. Cole Financial, Inc.
Tampa, Florida

In planning and performing our audit of the financial statements of J.W. Cole Financial, Inc. (the "Company") for the year ended December 31, 2010 we considered its internal control structure in order to determine our auditing procedures for the purposes of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

We also made a study of the practices and procedures followed by the Company, in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (11) and the procedures for determining compliance with the exemption provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System because the Company did not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system of internal accounting control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in condition or that the degree of compliance with them may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2010 to meet the Commission's objectives.

This report is intended for the use of management of J.W. Cole Financial, Inc. and the Securities and Exchange Commission and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
